- in partnerships that seek consensus and respect the integrity and autonomy of participants;
- in encouraging and nurturing innovation and managing the risks inherent in creative philanthropy.

What Kent-Harrison Foundation is

The Kent-Harrison Foundation, a nongovernmental community foundation, was founded in 1994 as a collection of funds that form a permanent endowment for charitable purposes. Today, the foundation administers multiple funds, the capital of which comes from bequests, living donors, endowments of nonprofit organizations and other gifts. Grants are made from income generated from the investment of the funds. The Foundation helps with projects throughout Agassiz (the District of Kent) and Harrison Hot Springs.

How we operate

A Board of Directors is responsible for the overall policies and practices of the Foundation. In considering applications for funding, the Board relies on the assessments and recommendations of Advisory Committees, serving in the six fields of interest:

. Arts and Culture . Family & Youth . Education .
Recreation & Environment . Health & Welfare .
Seniors

Each Advisory Committee is made up of volunteers with knowledge and expertise in the field. Additional Board Committees take responsibility for the Foundation's investments and for its general administration.

Eligibility

Eligible applicants include registered charities and qualified donees under the Income Tax Act. They must demonstrate fiscal responsibility and effective management. Grants are not made to individuals or to businesses.

What we fund

Kent-Harrison Foundation supports a wide range of projects that are of benefit to our community. Funded activities often provide a direct service to the community, or take an innovative approach to a community concern. Kent-Harrison Foundation is responsive to changing community issues and priorities. Each of the above mentioned Advisory Committees has developed goals reflecting its specific funding interests.

The Foundation will consider requests for:

- Program related projects (i.e., specific, time-limited activity or series of activities designed to meet certain goals.)
- Capital projects (i.e., constructive, renovation or equipment purchases.)

Guiding principles

- Kent-Harrison Foundation supports innovation where there is demonstrated commitment, the likelihood of effectiveness, and strong potential to serve as a model to others
- projects should build on the strengths of the community to respond to identified issues and priorities
- projects should use, enhance, mobilize or expand the skills, capacities and assets of local people and their community
- where appropriate, those affected by the initiative should be involved in the development, implementation and evaluation of the project
- the organization should demonstrate a commitment to the project through a contribution of human and/or financial resources
- significant and appropriate support from other funding sources (including community) should be evident
- there should be evidence of collaboration with the community and/or other agencies in the field

- the organization should demonstrate inclusiveness and respect for cultural diversity
 - projects that will be ongoing after the grant's end should provide realistic plans for longer-term funding
 - organizations should usually have at least 50% of their funding in place when they apply
- Kent-Harrison Foundation disperses its funding to many groups throughout our community working in many fields of interest. It is therefore necessary to limit the frequency of applications from any one organization to ensure more equitable access for all organizations
- usual grant range --\$500 to \$2500

Ineligible Requests

- 100% of a project's costs
- an organization's operational or core expenses
- retroactive funding or for any project expenses to be incurred prior to the Foundation's decision date
- debt retirement or reserves; mortgage pay-downs
- fund-raising activities
- office equipment and furniture (e.g., computers)
